J. A. Miller Cashier.

Col. J. A. Miller has been selected as
cashier of the Bank of the Ohio Valley
to fill the vacancy created by the re-
signation of Mr. F. P. Jepson. At the
next meeting of the board of directors,
Mr. Miller will qualify and furnish bond
and be formally elected cashier.

A Horse Breaks his Neck.

Yesterday afternoon John Bailey, an
old colored man, was driving his horse,
hitched to a cart, along Main street
near the creek, when it frightened at
passing cars and leaped over the bank.
He fell on his head, breaking his neck
and killing him instantly. Bailey had
no means of pulling the carcass up the
bank, and it still lies there.

Tariff Students' Expression.

A called meeting of the W. L. Wilson
Tariff Students was held last night to
take action on the death of their late
comrade, Marshall V. White. F. P.
Daily presided, and he and Thomas
O'Brien, Jr., and D. K. Brooks were ap-
pointed a committee and drew up suit-
able resolutions of regret and of sym-
pathy for the bereaved family. Enrolled
copies were ordered sent to the relatives.

Sixteen Cases Yesterday.

In the police court yesterday morning
Harry Yost, charged with disorder, was
fined \$5 and costs, and in default of the
cash went to the jail for fifteen days.
The three keepers of poker rooms and
three persons found in their rooms
did not appear, having put up cash to
secure their fines. The keepers were
fined the customary \$20 and costs and
the other men \$5 and costs each.

A New Club Organized.

Last night at O'Malley's hall the Jean-
nette Social and Athletic club was
organized, with a very good membership
to start on. It is hoped to make it a
permanent and popular organization.
M. J. Clark was elected president and
Jack Crogan secretary and treasurer.
The club will give a ball Thursday even-
ing next, which it expects to make one
of the biggest successes of the season.

An Excellent Lecture.

At the Young Men's Christian Asso-
ciation hall last night Dr. L. K. Baker
gave a health talk to men on gymnastics.
He favored the all around training of a
man, the developing of the physical
man in all parts rather than the train-
ing of athletics specialists. He explained
a new system of marking merit in prac-
tice, which requires excellence in all
manly exercises rather than superiority
in one. A large audience thoroughly
appreciated his fine talk, which sowed
good seed among the young men of
Wheeling.

Schwartz Blood is Spilled.

Old Leonard Schwartz, the junk col-
lector, came to police court yesterday
afternoon with his face cut in several
places and the blood running all over
him. He was a horrible looking object.
He said his son had quarreled with him
and assaulted him, giving him the orna-
mented face he carried. Lieutenant
Terrill washed him off and stuck the
edges of his face together and he
then locked him up and an officer was
sent out for his son, as Mrs. Schwartz
had complained of both. They will be
up in the police court this morning.
Charles Weisner was arrested last
night by Officer Moran for having had a
part in the same row.

HE IS OUT FIVE.

A Hotel Proprietor from Sistersville is
Victimized.

Oliver Spear, proprietor of the Globe
hotel in Sistersville, was the victim of
one of the most daring robberies on
record yesterday afternoon. Mr. Spear
had been in the city on business and
started to the Ohio River railroad depot
shortly before the 4 o'clock Parkersburg
train was scheduled to leave. He got
there just as the train was about to
leave. There was a crowd around the
ticket window and Spear was afraid he
would miss the train. He was accosted
by a man whom he supposed to be an
employee at the depot, who said he
would get the ticket for him. Spear
gave him a five dollar bill and got on
the train. He waited until the train
started and as neither the man, five
dollar bill nor the ticket had turned up,
Spear jumped off the train and investi-
gated. Of course he was the victim of
a sharper, which a short investigation
proved.

In Olden Times

People overlooked the importance of
permanently beneficial effects and were
satisfied with transient action; but now
that it is generally known that Syrup
of Figs will permanently cure habitual
constipation, well-informed people will
not buy other laxatives, which act for a
time, but finally injure the system.

THREE HORSES BURNED

So Badly that They Have to be
Shot by the Sheriff

A STABLE DESTROYED YESTERDAY

By a Fire, the Origin of Which is
Not Known, though Probably Acci-
dental—Adjoining Property Only
Saved by Prompt Action of the
Firemen—Narrow Escape from a
Serious Accident.

Shortly after four o'clock yesterday
afternoon an alarm of fire was rung in
from box 25, at Market and Fourteenth
streets. It was caused by a blaze in a
stable east of Market and south of Four-
teenth street, occupied by Mitchell &
Son, the liverymen. The flames had
gained such headway before being dis-
covered, and the wooden stable and its
contents of hay were so inflammable,
that it looked when the department ar-
rived as if several adjoining buildings
would be consumed, but the firemen
worked so hard that even the stable
was not entirely consumed, though rendered
worthless.

In it Mr. Mitchell had six horses. Of
these three were gotten out by Lieut.
Lukins and others without injury. Two
others were so badly burned that re-
covery was impossible, and Sheriff
Frazer shot them to put them out of
their misery. A third was also badly
burned, its ears being burned off and its
face roasted. It was at first thought
that its life could be saved, but Dr.
Reefer, after examination, gave it as his
opinion that it could not, and it was
also shot.

The stable belonged to St. James's
Lutheran church, and was rented to
Mr. W. L. Callon, who sub-rented it to
Mitchell & Son. There was no insur-
ance on it. The loss on building and
contents, not including the horses, will
probably reach \$400.

The blaze was very bright for awhile
and the smoke dense, and the fire being
in the heart of the city caused unusual
excitement, and attracted an unusually
large crowd of spectators. About a
score of these got on the roof of a wagon
shed below the burning stable, when it
caved in with them, precipitating all to
the ground. One boy had his ankle
pretty badly hurt and a man cut his
face in the fall, but aside from these all
escaped uninjured, but it was a very
narrow escape from a fatal accident.

The origin of the blaze is not known.
The usual theory of incendiarism was
advanced, but Mr. Mitchell was dis-
posed to think the fire started from
sparks dropped by an employe who was
smoking while giving the horses hay.
The blaze seemed to start in the part of
the stable where the mangers were
located.

A Still Alarm.

Between 3 and 4 o'clock yesterday
afternoon a still alarm called the chemi-
cal engine to 1033 Market street.
Sparks from the chimney had set fire to
the roof of a house belonging to George
Dusch, and a hole was burned through.
The chemical put it out with a loss of
about \$25.

Only a Chimney Fire.

Shortly after 7 last evening an alarm
was rung in from box 58, corner of Mar-
ket and Twenty-seventh streets. The
department responded promptly, but
was not needed, the cause of the alarm
being only a flue burning out. The re-
call was rung in about five minutes.

THE RELIEF WORK.

Several Good Donations Yesterday—A
Generous Offer.

The store of the citizens' relief com-
mittee was not open yesterday, except
to receive donations. The following
were sent in:

L. Whit, Bon Ton, one box of stock-
ings, undershirts, drawers, women's
hats, children's hoods, and gloves.
S. S. Bloch, 1000 loaves of bread from
the Wheeling Bakery.
Mrs. John Pracht yesterday notified
the committee that she also would sell
bread to all persons who desired to
donate it to the relief committee at the
rate of \$3 for 100 loaves.

The only orders issued yesterday were
in payment of work checks. To-day the
store will be open at the usual hours to
issue provisions, etc.
Twenty-five work tickets were issued
yesterday. At 3:30 this afternoon the
names will again be called at the police
court room and tickets issued.
